

# Euro-Italy-China Healthcare International issues and 2012 Exchanges Programs

Euro-Italy-China Professional Workshops  
22<sup>nd</sup> & 26<sup>th</sup> June 2012 Beijing

Dear Executive and Healthcare Professionals,

Beijing 28<sup>th</sup> May 2012

It is our pleasure to inform you that **Euro-Italy-China Society for Health Research and Dao Health Care Management Company**, together and in collaboration with High level Chinese Health Care Institutions and Universities, from Beijing, Chong Qing, Dalian, Shanghai, organize **Euro-China Professional Healthcare Workshops will be held on June 22<sup>nd</sup> and 26<sup>th</sup> in Beijing.**

In 2011-12, Euro-China Society for Health Research (Italy) and Dao Healthcare Management Co., Ltd. (Beijing) worked together to strive for providing quality professional medical programs across the two countries Italy and China, in collaboration with the scientific Counselors Offices of both Italian Embassy in Beijing and People Republic of China Embassy in Rome, Italian Universities and advanced Hospitals from Bologna, Milan Rome and Sassari.

The initiative program for Euro-China Healthcare in 2012 will gather high ranking policymakers, regulators, heads of hospital management and healthcare association, medical institutions, professionals, medical suppliers and leading academics from the world to explore the most advanced healthcare issues among the countries.

The recent reform of healthcare in China has made a great progress. The country is stressed on its healthcare infrastructure with a severe shortage of professional and management resources.

They are designed to bridge the platform to enhance the development of

- 1) advanced academics, clinical, managerial researches and exchanges programs of training of both young physicians and high level hospital managers
- 2) exchanges of Chinese, Italian European and International Teachers
- 3) medical consultancy and exchanges of diagnostic and therapeutic know-how for patients care and diseases prevention
- 4) advanced medical technology implementation, international drugs clinical trials
- 5) high level management educational programs for the healthcare professionals across the countries.

Pls join and reserve your seat today, to register, or to discuss sponsorship or speaking opportunities.

Yours sincerely,

Prof. Franco Naccarella  
Chief of Cardiology  
President Quale Medicina 2000 Onlus  
Governor for Italy ISCP  
Consultant CAT of EMA London (UK)
